Grand Opening August 28th 10am

2012

With the help of generous community supporters, the New Orleans Children's Advocacy Center (NOCAC) will open a satellite forensic interview operation within the New Orleans Family Justice Center. The NOCAC will continue the mission of providing a child friendly environment for the forensic interviewing of children who have witnessed domestic violence within in the Family Justice Center. These interviews are recorded and admissible in court. At a minimum the interviews are non-leading and non-suggestive but most importantly the interviews are non-blaming and non-shaming for the sake of every child served.

The satellite operation will make accessing services easier for the children, family and adult survivors of domestic violence by providing complete wrap around services in one location. The NOCAC will continue to primarily serve child victims and witnesses of crimes in the homelike cottage on Children's Hospital's Calhoun campus off Audubon park. The new location will also enable the NOCAC to provide simultaneous interviews in both locations thereby meeting the ever increasing need.
